CAREER OBJECTIVE

Full Stack Developer skilled in the MERN stack (MongoDB, Express.js, React, Node.js) with hands-on QA testing experience across 400+ test cases on a production ERP application. Seeking a Full Stack Developer role to build and ship scalable web applications, combining development skills with a strong quality-first mindset.

WORK EXPERIENCE

Software Testing – Internship

May 2026 – Jul 2026

R Cube Green Technology, Virtual

- Executed 400+ manual test cases across Student Management, Attendance, Examination & Results, and User Authentication modules of the AcadShree ERP web and mobile application over a 2-month engagement
- Identified and logged 80–120 bugs (2–3 daily) with detailed reproduction steps and severity classification, achieving an 80–90% valid bug confirmation rate
- Conducted fix verification testing across sequential app releases (v0.0.3 → v0.0.4), confirming bug resolutions before sign-off and documenting results in structured verification reports

Web Developer – Internship (Training)

Feb 2026 – Mar 2026

Netcamp Solutions, Virtual

- Completed a structured Web Development training program covering HTML5, CSS3, JavaScript, and responsive design principles, culminating in hands-on practice building functional web page layouts
- Applied training concepts in independent practice, building responsive UI components using HTML5 and CSS3

PROJECTS

Real Time Weather App

Jul 2026

- Engineered a weather forecasting app using React.js and the OpenWeather API, implementing a custom useDebounce hook to reduce redundant API calls during search input and a custom useAxios hook for centralized data fetching

Real Time Chat Application

Mar 2026 – Apr 2026

- Developed a real-time chat application using Node.js, tested with 10–12 concurrent users exchanging messages instantly via client-server socket communication, with a responsive UI designed for a seamless chatting experience

SKILLS

Languages & Core: JavaScript, Java, Python, HTML5, CSS3

Frontend: React.js, Redux/Context API, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB

Tools & Practices: Git, GitHub, JWT Authentication, Manual QA Testing

EDUCATION

B.Tech, Computer Science & Engineering

2024 – 2028

Senior Secondary (XII), CBSE – Science

2024

Percentage: 77.00%

Secondary (X), CBSE

2022

Percentage: 82.00%

TRAININGS / CERTIFICATIONS

Web Development Using HTML

Feb 2026 – Mar 2026

ADDITIONAL DETAILS

- Participated in the Prompt Relay Event, demonstrating problem-solving and prompt engineering skills
- Participated in the Software Engineering Roadmap by AccioJob
- Completed Web Development Training from Netcamp Solutions Pvt. Ltd.
